Taking of Marine Mammals Incidental to Commercial Fishing Operations; Authorization for Commercial Fisheries

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule.

SUMMARY: NMFS issues this final rule to implement the new management regime for the unintentional taking of marine mammals incidental to commercial fishing operations established by section 118 of the Marine Mammal Protection Act of 1972 (MMPA) as amended by the MMPA Amendments of 1994. Section 118 provides for limited exemptions from the MMPA's general prohibition on the take of marine mammals, for the unintentional incidental take of marine mammals by commercial fishers in the course of commercial fishing, and requires NMFS to authorize such incidental takes by a commercial fisher upon the receipt of certain information and provided certain other conditions are met. This rule requires commercial fishers to annually register for an Authorization Certificate by filing specified information, provides for the issuance by NMFS of such certificates, requires commercial fishers to report to NMFS the incidental mortality and injury of any marine mammals in the course of commercial fishing, and requires commercial fishers to comply with certain other requirements. In order to allow commercial fishers time to comply with the new section 118 registrations and reporting requirements which become effective on September 1, 1995, NMFS by this notice also announces transition policies from the old section 114 regime which expires on September 1, 1995.

EFFECTIVE DATES: September 1, 1995 except § 229.6, which becomes effective January 1, 1996.

ADDRESSES: Copies of NOAA Administrative Order 216-100, the MMPA, as amended in 1994, and the Environmental Assessment (EA) prepared for the proposed rule in aggregate or summary form may be obtained by writing to Chief, Marine Mammal Division, Office of Protected Resources, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910. A copy of the EA may also be obtained by accessing the NMFS "Home Page" on the World Wide Web at <http://kingfish.ssp.nmfs.gov:80/home-page.html>.

SUPPLEMENTARY INFORMATION:

Section 118 of the MMPA, as added by the MMPA Amendments of 1994, establishes a new regime to govern interactions between marine mammals and commercial fisheries. Proposed regulations implementing section 118 and a proposed list of fisheries (LOF) for 1996 were published on June 16, 1995 (60 FR 31666). An EA was prepared concurrently and was made available when the proposed regulations were published. The public comment period for the proposed regulations ended on July 31, 1995; the public comment period for the proposed LOF ends September 14, 1995. This final rule addresses only the public comments on the proposed rule. Comments addressing the proposed LOF will be published in the **Federal Register** with the final LOF.

History of the Proposed Rule Implementing Section 118

Section 118 of the MMPA, as amended in 1994, replaces section 114 which exempted, on an interim basis, commercial fishers who comply with certain requirements from the general prohibition on the taking of marine mammals. The process used to develop the proposed and final rule included many opportunities for public involvement.

A **Federal Register** notice (59 FR 45263) announcing proposed changes to the LOF and different options for new fishery classification criteria was published on September 1, 1994.
